

JAMIE WILKES
BSc (Hons) Msc

**Website Manager for the Black Country
Constructing Excellence Club**

**Owner and Lead Architectural Visualiser
for Resolution Studios**

Jamie works as an Architectural Technician and 3D Visualiser, he has over 13 years 3D CAD and Visualisation experience.

After graduating from The University of Wolverhampton with a degree in Computer Aided Design in Construction, he worked as an Architectural Technologist for the Mason Richards Partnership (Now RPS Planning and Development). During 2003/04 Jamie took a year out to study for a Masters Degree in Digital Architecture at the University of Newcastle upon Tyne, where he gained a merit at this level, specialising in VR in architecture.

In 2008 Jamie set up Resolution Studios and now provides 3D visualisations and fly through animations for Architects and Interior Designers. Jamie has created visuals for many projects across various sectors including education, healthcare, leisure and commercial.

In addition Jamie now maintains the website for the Black Country Constructing Excellence Club.
